

TZB Zamak Rivet

PRODUCT DESCRIPTION

- ▶ TZB is a hammer-in plug made by zamak alloy.

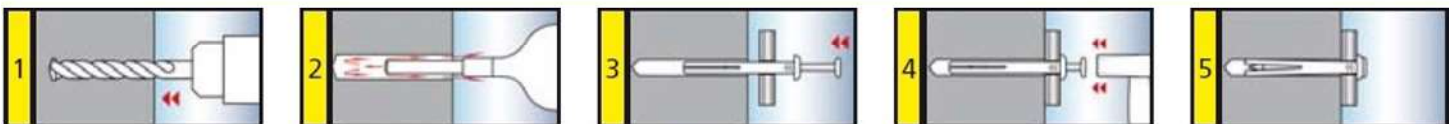

MAIN APPLICATIONS

Suitable for light fixing of carpentry, metal sheet, plasterboard panels, cable trays, profiles, road signs.

FEATURES

- ▶ Hammer-in plug, made by zamak alloy (Aluminium, Copper, Zinc).
- ▶ This plug can be used with all materials (steel, stainless steel, copper), since zamak does not produce electrolysis.
- ▶ Corrosion-proof.
- ▶ Plug with mushroom head, allowing better fixing on profiles.
- ▶ Quickness and easiness of installation.

ASSEMBLY SEQUENCE

TZB zamak rivet
